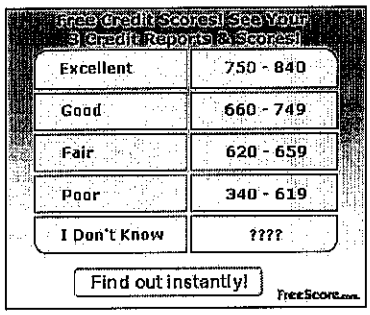
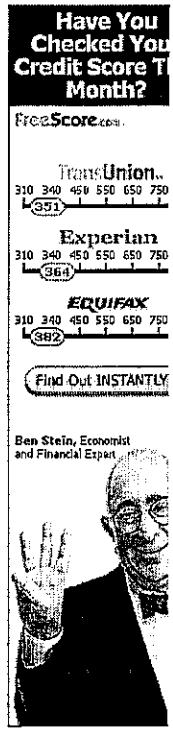
Star Wars: Jedi Knight - Jedi Academy

(Last updated: December 19, 2003)





Strategy Guide

- Level skip

While playing a game, click and hold the Right Analog-stick and press Up(2), Down(2), Left, Right. If you entered the code correctly, you will hear a sound.

- Infinite health and shield

While playing a game, click and hold the Right Analog-stick and press Down, Up, Left, Right, Down, Up. If you entered the code correctly, you will hear a sound.

- Infinite Force

While playing a game, click and hold the Right Analog-stick and press Up, Down, Up, Left, Up, Right. If you entered the code correctly, you will hear a sound.

- Defeating Reborns

Activate Force Speed (works best with grade 3 speed) and slash once at their front to lure them down. Then, run around behind them and slash their back as many times as possible. This works best if you push them in a corner and complete the procedure. Also, use the following trick to kill Reborns, Reborn Masters, Jedi, and other Force users. Use Force Grip to hold them in the air, then throw your lightsaber at them to kill them. It is harder to do to some, but if you timed correctly you will hit them. This usually works best with Grip level 3 and Saber Throw level 3, but is still possible to do with the other levels.
